### June 2023

- ASRT Preconference Board of Directors Meeting, Reno, Nevada
- ASRT Educational Symposium and Annual Governance and House of Delegates Meeting
- ASRT Postconference Board of Directors Meeting

### **Most Memorable Experiences:**

All of my travels as the ASRT president have allowed me to network with remarkable professionals from radiologic technologists, sonographers, radiation therapists and nuclear medicine technologists to fellow directors and leaders of this profession. I do have to mention that our time in Thailand at the ISRRT was a once in a lifetime experience. My collaboration with fellow technologists from around the world made me realize the profession of radiology is a small world. We are in this profession for all the same reasons, to provide the best health care for our growing population.

### **Closing Remarks:**

I wish to thank everyone who supported me as ASRT president. It is everything that I dreamed it would be and I will cherish it for a lifetime. I have served in three different decades on the Board of Directors, and I must say that I have never been disappointed with anyone who I have shared my time with! As I move on to the chair, I want to thank my fellow Board members, Dr. Sal Martino for his leadership and mentorship during my time, and ASRT staff, and congratulations again to Dr. Melissa Pergola as the new CEO of ASRT. I look forward to working with her and the new Board for the upcoming year.

Thank you!
